

The Bible teaches that Jesus loves all the children of the world. God said in the Old Testament to bring up a child in the teachings of the Lord and they will return when old. We believe this to be a faithful saying and true. Harbor Evangelism has planted several children's churches all around Mongolia. From Ulaanbaatar to the Gobi Desert and in between. Each church has its own trained Mongolian Bible teacher and their own children's Bible storybook. It is our desire that all the people of Mongolia hear the Gospel and know Christ as their personal Savior. A great place to start is with the beautiful and beloved children of Mongolia.
