Friends in Christ,

November 2020

Well our new center is up and running full time. We now have 5 fully operating prolife centers in the Gobi and the city of Ulaanbaatar. Pictured at right is our newest center after being painted and fixed up for service. Just to give you a little of what happened this past month at our newest "Hope of Life" center, we want to share some numbers with you. In one month, we had 68 ladies visit our center and 27 of them chose to keep their babies. All who entered were witnessed to and given literature on salvation and motherhood. God gave us 25 professions of faith out of the 68. We have weekly Bible Studies in 4 centers that 15-20 ladies attend each week in each center. God is using these centers in an amazing way and we are profoundly grateful to Him and you for making this possible.

This does not come without our share of attacks by the devil. Shortly after opening the new center one of the local abortion clinics saw our free pregnancy test sign and reported us to the local government. She claimed that we are hurting her business by giving something away free that she charges for. This is the way we attract people in our clinic by giving free test. We are now going through legal maneuvers to take care of this so we can continue to give free test. Please keep this in prayer so we can continue to fill our centers full of lost souls looking for a Savior.

At left is the Gospel Tract we are giving out in all our centers to everyone that enters. If you have never read this tract it is a great one. We have 4000 of them and we believe that the Lord will use them to reach many lost Mongolian girls and women with the truth found only in Jesus.

This is the photo of one of the 25 that prayed to be saved and kept her child that she had planned to murder. That is until she met Jesus and He changed her mind and heart. She is now to new things. She will be a

mother and is now a child of the King. Praise the Lord.

Thailand Leper Ministry

Harbor Evangelism International Home Office: PO Box 392, Apison TN 37302

Home Office: 731-376-1453

Friends in Christ,

November 2020

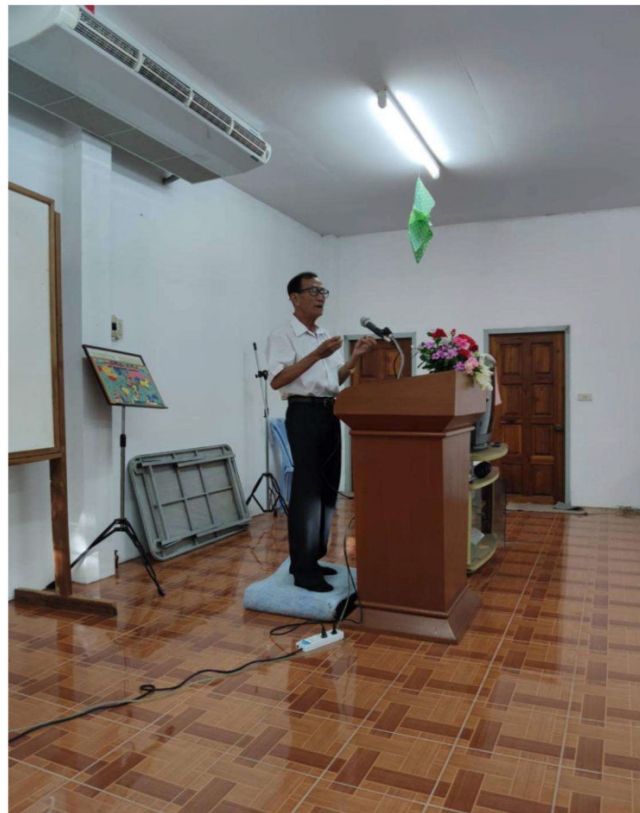

We thank you for your continued support and prayer for the Thailand ministry as God leads us to nurture and grow the work that my Dad started many years ago. We cannot neglect the opportunity that God has given us in using this solid foundation to continue building on in northern Thailand.

As you know we have updated the leper home and remodeled and repaired the rooms and grounds of the home and church. When we began serving there last year, we had 6 lepers total and now we have 11 lepers which include poor elderly people that did not have a home. Most all our new residents have never been reborn in Christ. We ask that you continue to pray for them and their salvation. All our folks must attend daily Bible Study and prayer in order to live in our home. We pray that God will open their hearts and ears to the Gospel. We invite other people in the village to daily Bible and have had some attending. Our desire is to grow a church of saved souls in this compound. I believe that God will make this happen. This ministry may seem small compared to our Mongolian works, but I genuinely believe that God has big things in store for Thailand and His ministry. Please keep praying and let us see what God will do.

Luke 15:10 Likewise, I say unto you, there is joy in the presence of the angels of God over one sinner that repenteth.

Daily Bible above and our pastor at right.
