Reaching Thailand and Mongolia

March 2021

Friends in Christ,

Hello to all in the name of our Lord Jesus. Mongolia is beginning to loosen up on the COVID restrictions somewhat and it seems it won't be long until we can start having meetings again. This also means that we can get back to work on our new church plant in UlanBaatar. We praise the Lord for this good news.

Everything has been going as usual this past month. We have continued with our food delivery for all of our feeding centers and hospital. This has been a blessing in giving us the continued ability to go into the houses of the children we feed and witness to the family that normally do not come to the feeding centers or Bible studies. We have had many make professions of receiving Christ during this time. God has turned a negative into a positive.

God has blessed us in many ways this past month. We have a group that helps our Hope Center quite often from England named Asia Link. This past month they purchased our center a very nice van to help in operations. We will use it to transport children to school and for doctors visits. We will also use it for picking children up to bring to church and the feeding center. It is a real blessing for God's work and we thank them for helping.

Thanks to God and the gift from a family in New Mexico we also were able to buy a new washing machine and TV for our orphanage. When you wash clothes for 38 children you can go through washers pretty fast. We thank them for their gift for the orphans and our workers. Some of our children are pictured with their new washer at right.

Prayer Request: Pray for our pro life workers as we go out and visit the families of the ladies that we counsel at the centers. We are delivering baby needs to their homes and sharing the Gospel with family members.

Pray for our pro life centers. The government is trying to force us to hire a gynecologist at each center. They are trying to force us out of business. Pray that we are not required to do this.

Ephesians 6: **12** For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places.

Please pray for our home visitations from our churches. We are reaching many with the Gospel through this ministry. Mongolians love to have company and are very welcoming. Please pray for souls to be saved.

We thank you for giving and praying. Thank you for continuing to partner with us as we keep pushing to reach every person in Mongolia and Thailand with the Gospel. We love you in Jesus.

In Christ's Love,

Mitch Tillman
