*Reaching the people of Mongolia and Thailand with the Gospel*

Church Planting, Discipleship, Orphanage, Leper home, Gobi Hospital, Pro Life Centers, Feeding Centers  
Rescue Missions, Children's Churches, Bible Handouts, and English Lessons.

September 2021

Dear Friends in Christ,

Hello to all in our Lord Jesus. We thank you for your service with us in Thailand and Mongolia. We have a lot to report and thank you for making this possible with your prayer and support.

Our new church plant facility has been remodeled and is complete. We are now holding English classes and reaching the lost with the Gospel through these classes. The size of each class is small due to government rules concerning the number of people in a room because of Covid. Please pray for Tengis and this new church plant that is in full swing.

Our church workers and some of our teen church members were able to travel to the Gobi feeding centers and minister to all the new children that have started coming to the centers. A lot of our older kids at the centers have stopped coming due to age and God has given us a whole bunch of new children that have never been to church or have heard the Gospel. What a blessing to be able to teach these new children about God's love. We were able to give each one their very own children's story Bible to use and take home with them. Your support helps to buy the Bibles and run the centers. Because of you we can spend time with them. Please pray that they will come to know Christ.

Our orphanage school has started, and we also have many new children entering for the first time. We have school daily with Bible class one day per week. Some of our church youth come weekly and teach Bible to our orphans. Please pray for this as well.

The borders to Mongolia have closed again due to Covid. But inside the country restrictions have lifted and everyone can move around freely. Still the meetings are restricted to 10 people. Our churches are small with preaching over the internet. We pray that this changes soon.

Our prolife centers are in full operation. We are having record numbers of girls coming in the centers. We are almost out of Bibles for the centers and will be attempting to buy some more. We may have some problems getting new Bibles due to the border closures. All Mongolian Bibles are imported, and the entire country may be out. We will let you know if we can get more. Please pray that we can buy some and that they are available to purchase.

Please pray for us and our co workers in the Gospel. We need your prayer and partnership. We are grateful for your friendship and pray that this Covid mess will be over soon. We can't do this without you. You are always in our hearts and prayers.

In Christ's Love

A handwritten signature in blue ink that reads "Mitch Tillman". The signature is written in a cursive, flowing style.

Harbor Evangelism

One of our beautiful school children and her teacher.

New Gobi children above and to the right. They had never heard the Gospel. Thank you for helping us reach them.
