**Isaiah 7:14 Therefore the Lord himself shall give you a sign: Behold, a virgin shall conceive, and bear a son, and shall call his name Immanuel.**

Dear Friends in Christ,

We want to take this opportunity to wish you all a very Merry Christmas. We pray that our Lord will continue to give you peace and joy in our Lord and Savior, Jesus Christ.

We are grateful for the prayer and support that you have sacrificially given to this ministry over the last year. After my dad and founder, Tommy Tillman, passed to Glory last December, we feared that many would end their partnership with us. Some have, but because of you and your continued prayer and support, God has kept this work strong. Even to the point of starting new works that make it possible to reach more souls with the Gospel. We ask that you pray for these new ministries and that God will use them for His Glory. We are thankful this Christmas for you and your support. Please pray for:

1. Our new English school. Please pray that God will call some of our friends to short term visit and teach English to college students and help reach them with the Gospel.
2. Our new prolife center. Please pray that God will allow us to get it going without much of a hitch and use it to see people saved and keep their babies.
3. Our newest church plant that is growing out of the English school.
4. Our young church workers and leaders. Pray that God will grow them in spirit and faith and use them mightily.

We also ask prayer for our lepers in Thailand. Picture at right is Suna. She has been in our care for many years and passed away last week and went home to be with the Lord. She was a godly believer and passed in her sleep. She did not die of leprosy but respiratory problems. She had battled this for a long time and is now pain free with Jesus. She was loved by us all and will be missed. She was the light of our leper home.

Every year we celebrate Christmas with our orphans, feeding center children, church children and our lepers at Home of Grace. If God should lead you to help this year, we would appreciate it. Giving is also possible online at above web address in the letter head.

We want to wish you all a Merry Christmas and thank you all again for all you do for this ministry. We couldn't do it without your help.

In Christ's Love  
Tillman Family and all at Harbor Evangelism

Pictured above are two SS classes from our main church in UlaanBaatar. The group on the left are small children and the group on the right are the teen boys. What a blessing that the strict quarantine rules have been lifted and we can get back to church. But the last several days the government has been talking about implementing the rules again due to the new variant that is going around Asia. Pray that it stays away so we can remain open.

Above left photo and standing in the checkered top is the counselor at one of our pro-life centers with 3 ladies that have professed to be saved and decided to save their babies. Praise God

We have been allowed to teach in public schools concerning purity and character in marriage and the personal lives of young ladies. We also get to present the Gospel when possible. This is a great opportunity to reach H/S students with Biblical morals and the truth in the cross. This opportunity was allowed to us because of our prolife centers. This is a photo on the right of Seggii teaching the class. She is doing a wonderful job as the director of our centers and reaching many young ladies for Christ.
