April 2022

Dear Friends,

Hello to all in Jesus. It is already April and time has shown it will not stop or slow down for anyone. We thank you for your prayers for me concerning my torn rotator cuff. After therapy the doctor ordered an MRI that showed a 30% tear. Unfortunately, insurance will not pay unless it is at 50%. So, I am stuck for now with continual pain and taking cortisone shots until it reaches 50%. God has kept us busy with church meetings and we are planning on going back to Mongolia in late May or early June, just as soon as we fulfill our commitment to visit our partners in the Gospel. Please pray for us as we travel to several churches and will be on the road until we return home to Mongolia.

We have a lot going on in the ministry, and we thank God for our Mongolian coworkers who are overseeing the work, especially Ganna and Tengis. Please remember them in prayer.

We have several new additions in our orphanage this past month. Two infant sister's mother was sentenced to prison and abandoned the girls while hiding from the police. After the police found the mother, the girls were brought to us. We have loads of paperwork ahead and after that we will try and find them a good home. We praise God for allowing us to help them. We now have close to 40 children in our home, and we thank you for your help in prayer and giving that make this possible. Please pray for these young ladies.

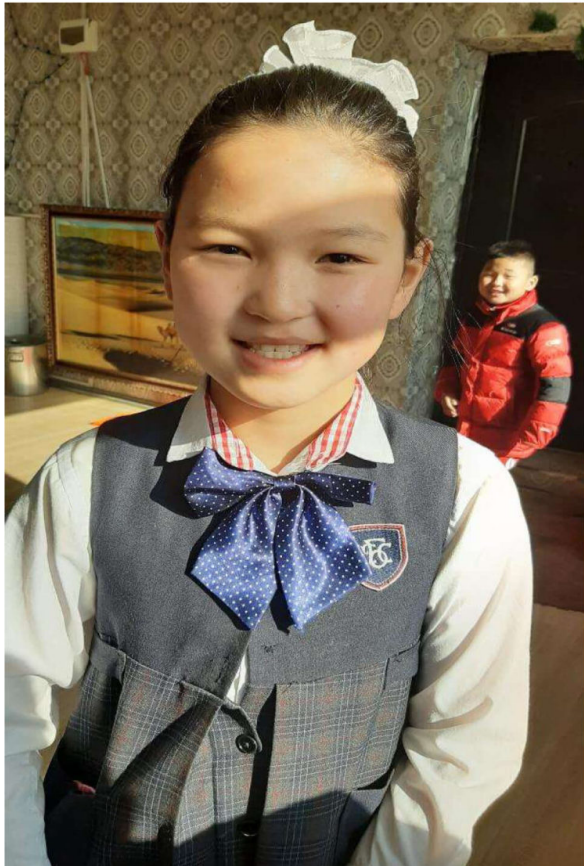

One of our favorite ministries is the Hope Center next to the landfill. As you know these are children that live in or around the city dump and either

work there or their parents do. A lot of these young children are forced to gather food or collect bottles and cans from the dump and use what they collect to eat or make money. The people that work in the landfill make

about \$3 per day. Mongolia is as costly as the States to live so we can only imagine the deep poverty they endure. But God who is rich in mercy has allowed us to help. We can teach them about Jesus, the only one who can truly help. We have friends (you) that send new clothes, prayers and financial help. These children come into our center lost, dirty, and hungry and we can help with new clothes, food and telling them about the Lord Jesus. Baljmaa took some of these photos last week during daily lunch. Look at how nice and happy these children look. We thank you for your prayer and support that goes towards helping get these poor children on the right path through Christ. As far as we know, we are the only ones helping these children. We pray that God will continue to bless you in Christ for working with us to make the Hope Center and the orphanage possible and to keep them operating.

Ephesians 2:6 And hath raised us up together, and made us sit together in heavenly places in Christ Jesus.

Sincerely in Christ's Love,

*Mitch Tillman*
